

St. Anne School never posts information if school is open for regular hours. However, inclement weather and other emergency closings will be announced over various radio and television stations that offer this service. These stations are:

<u>Radio stations</u>		<u>TV stations</u>	
WOR	710 AM	WCBS	Channel 2
WINS	1010 AM	WNBC	Channel 4
		Fox	Channel 5
		News12 NJ	Channel 12

Emergency closing and delayed opening information may also be accessed at www.cancellations.com, or at the school web site, www.stannenj.com. A recorded phone message at 201-796-3353 will also contain information about school closing or delayed opening.

Class parents will also make a phone call to each family in St. Anne School as soon as the decision to close or delay the opening of school has been made. Home phone numbers should be updated if they change during the school year. Home phone lines should remain clear to allow class parents to complete their calls to every family.

On days of delayed opening, all students must be in school by 9:30 a.m. The instructional day will begin at 9:35 a.m. Dismissal will be at the usual time, 2:40 p.m.

Because of bus transportation, St. Anne School usually does not opt for early dismissal. However, parents/guardians may take their children home without a penalty to recorded attendance if the weather becomes threatening once the school day has begun.

If parents/guardians using the above methods find no announcements of changes to the school schedule, it should be assumed that school will be open regular time.
